Championing the Digital Workplace with Purpose and Performance

“

We continue to challenge traditional norms and champion fluidic tech-enabled work models—designed to be connected, collaborative, secure and built to adapt.

Ashok Tripathy

Managing Director & CEO

”

FY2025 marked a phase of consolidation and momentum, where Wepsol's renewed purpose — to elevate work by digitally transforming workplaces — translated into measurable impact. Building on our redefined identity and sharpened positioning, Wepsol continued to advance its role as an enabler of digital workplaces. In an increasingly tech-driven fluidic work culture, our focus remained clear: helping businesses adapt, perform, and grow through intelligent, future-ready IT Infrastructure solutions.

In a time when organizations are grappling with change, complexity, and distributed workforces, we've stepped up to offer clarity, agility, and execution excellence. We continue to challenge traditional norms and champion fluidic tech-enabled work models—designed to be connected, collaborative, secure and built to adapt. We are moving forward from being a document & print-centric to a more encompassing IT infrastructure-led proposition. From driving workplace automation to enabling real-time collaboration, our renewed focus has been to bridge the gap between evolving enterprise environments and IT infrastructure. We are helping enterprises shift from conventional systems to modern, flexible ecosystems that accelerate outcomes and foster innovation.

FY2025 was a key year for our Managed IT Services portfolio. It marks a strategic pivot we have embarked upon. We are strengthening our enterprise relationships by delivering end-to-end IT infrastructure services encompassing networks, endpoint security, cloud management, and end-user services. Our conversations have become more engaging with the CIO organisation. Our service models are maturing to become more proactive, insight-driven, and resilient. We are proud to be recognised by CIO Insider as the Best Managed IT Services Provider of the Year. It is a testament to the trust our clients place in us and the consistent delivery of our services.

Wepsol's long-standing expertise and leadership in Managed Print Services has further strengthened. Over the year, we added over 30 clients to provide solution-led, enterprise printing and document management services. We were honoured to receive **VAR India's Award for Excellence in MPS** this year. Our ability to integrate print into the digital workflow, sustainably and in a cost-effective manner, has helped organizations modernize their document infrastructure with confidence.

Our Retail Automation Products business is expanding with a broader product portfolio, positioning Wepsol as a strong player in the PoS and AIDC segments. We reinforced Android and Windows based Point of Sale systems and introduced Automatic Identification & Data Capture (AIDC) products. FY2025 saw deeper market penetration, stronger regional channels, and increased recognition from stakeholders. On the Office Automation Products front, we continue to provide leading products to the market and increased colour printer offtake. The Fujifilm Gold Partner Award for FY2025, naming Wepsol the No. 1 partner nationally, affirms our leadership and execution strength.

In the process of reshaping the organization to widen our offering to include IT Infrastructure, which goes beyond retail and print products and services, our financial progress has begun to mirror this transformation with steady and positive growth. We added defining capability to the organization with our internal resources. Our profitability parameters improved in the FY25, including our Net Profit Ratio, which improved by 10% over the previous year. Our revenue remained steady as we reformatted our revenue streams to eliminate low-margin products and focus on a profitable range of products and services. Our Capex in our MPS business increased, reflecting higher deployments and growth in annuity revenue streams.

Our journey ahead is bold and ambitious. We are sharpening our focus on connected workplace solutions, expanding our footprint in emerging technologies, and stepping up on partner enablement. We'll continue to build intelligent systems that don't just support work, but elevate it.

At the heart of Wepsol's growth is our belief in people - our teams, our partners, and our clients. Thank you for trusting us to be your transformation partner. Together, we're not just navigating the future. We're shaping it.

OVERVIEW AND OUTLOOK

Global Scenario:-

The Global economy grew moderately in the year 2024. The year saw geopolitical tensions, uncertainties on trade policies and elections in major economies of the world. Geopolitical tensions had their impact on inflation and policy uncertainty meant volatility in financial markets. Globally, central banks tuned their monetary policies targeting inflation. Inflation rates across economies mellowed during the year, approaching the levels targeted by central banks.

Outlook on overall growth across the world looks steady with pockets of divergence. The International Monetary Fund (IMF) has projected growth of 3.3% for the year 2025. Emerging developing economies are projected to grow at 4.2% in 2025. The services sector continues to drive global expansion. As per the Economic Survey, the risk of inflation from increased commodity prices appears limited in 2025-26 though escalating tensions on trade policies as well in geopolitical space could pose a risk of synchronized price increases, undermining the effectiveness of inflation mitigation. This could also deter investment, hinder innovation and ultimately reduce global economic growth.

Indian Economy:-

Growth in Gross Domestic Product (GDP) adjusted for inflation for the fiscal year 2024-25 is estimated at 6.5%, marking a slowdown. Agriculture and construction segments were the primary growth engines and industrial growth was moderate owing to challenges from slowing global demand and supply chain disruptions. The moderation in GDP growth is attributable to softening growth in Gross Fixed Capital formation. Capital expenditure across different levels of the Government was impacted by elections during the year while private sector investment remained subdued due to global uncertainties, overcapacities apart from elections.

Coming to the outlook on growth, investment activity is anticipated to rebound propelled by higher public expenditures and improving business expectations. Fiscal measures by way of tax cuts have been unveiled for strengthening demand in the economy. Rural demand is expected to be robust while inflation is under targeted levels thanks to expectations of normal monsoons. Significant global political and economic uncertainties could pose a threat to inflation management. With inflation reined in, easing of monetary policies could be expected.

As per the Economic Survey, the fundamentals of domestic economy remain robust, with a strong external account, calibrated fiscal consolidation and stable private consumption and therefore growth in real GDP would be between 6.3 and 6.8 per cent for the Fiscal year 2025-26.

1. Business & Industry Overview

Wepsol is an Enterprise Services provider coupled with time-tested capability for manufacturing retail products and solutions. The Enterprise customer base covers the whole spectrum ranging from enterprises in the MSME sector to very large enterprise groups in the country and the enterprises belong to several industrial and service verticals. It also has a strong channel network for its products and services. As part of its Enterprise Services, it provides Digital Services, Managed Printing Services and

Infrastructure Managed Services to its customers. It also has strong partnerships with global technology leaders like Ricoh and Fujifilm and are Authorized National partners for their products and solutions.

Enterprise Business Solutions

Wepsol has a strong portfolio of Enterprise business solutions. These solutions are designed to improve workplace productivity of the enterprises. In today's dynamic landscape, work has evolved, and employees crave purpose and freedom in how they deliver work. Wepsol's fluidWorks suite of services helps optimize print and document infrastructure, automate processes end-to-end, manage assets effectively, and operate IT infrastructure smoothly. These are unique and specialized offerings for the varying needs of the Enterprise customers.

Partners business

Wepsol has been working tirelessly to bring a digital transformation in traditional retail business i.e. the local grocery and general store, small restaurants, bakery etc. Wepsol's endeavor has been to become a partner of these unorganized players by digitizing their supply chain, billing, and payments through its retail products and services. Wepsol has also developed and launched a state of the art, device independent and highly functional billing software which will make a significant change in the way the retail industry will operate.

2. Financial Performance

Revenue

Your company has two revenue segments: Enterprise Business and Partners business.

The revenue from Enterprise business was Rs. 481 Mn in FY 25 as against Rs. 494Mn in FY 24, a de-growth of 2.6 %. This primarily comprises of the managed printing services and the digital services. The reduction in revenue is on account of the decline in sales of products within the managed printing services segment. The Company has grown in the revenue from services offerings within the Enterprise business segment as compared to FY 24.

Revenue in the Partners business dipped from Rs. 194 mn in FY 24 to Rs.166 Mn in FY 25. The Partners business comprises Retail Billing Solutions. Ricoh Products and Fuji Products. The decline is attributable to de-growth in sales of Ricoh Products and billing printers. However, the sale of Point-of-Sale devices and Fuji products have picked up momentum and grown during FY 25.

Operating Profit

The company witnessed a marked improvement in profitability during the year. The Earnings before Interest, Depreciation and Tax (EBITDA) of the company stood at Rs.167 Mn in FY 25 as against Rs.146 Mn in FY 24. The EBIT improved from Rs.61 Mn to Rs. 70 Mn for the financial year ended 31st March 2025. Despite the reduction in revenues, your company delivered higher profits as compared to the previous year. Margins in Enterprise business improved during the year due to measures to improve efficiency in operations. The overall improvement in operational efficiency helped the company to significantly improve its profitability during the year.

Net Working Capital

The operations of the company, particularly in the enterprise services business are working capital intensive as it must maintain supplies of spare parts and consumables

across India for meeting customer service commitments. Further, since the customers are usually large corporates, banks etc, there are receivables for the products supplied and services rendered. The overall working capital cycle improved to 119 days in FY 25 from 145 days in FY 24. The receivables' days increased from 92 days to 107 days and the inventory days also increased from 149 days to 235 days during the year. Operating cash flow declined to Rs 64Mn from Rs 143Mn in FY 24.

Ratios

	FY 2024-25	FY 2023-24
Debtors Turnover Ratio	3.56	4.12
Inventory Turnover Ratio (on cost of goods sold)	1.73	2.26
Debt Service Coverage ratio	3.68	4.92
Current Ratio	1.61	2.07
Debt Equity Ratio	0.24	0.22
Operating Margin Ratio	10.85%	8.96%
Net Profit Margin Ratio	6.2%	5.6%
Return on Networth	6.35	6.41

Note:

- Debt service Coverage ratio has declined due to increased repayment obligations at the end of the year.
- The profitability ratios have improved significantly due to better profits during the year.
- The Current Ratio declined on account of higher inventory and receivables at the end of the year.

3. Internal Control Systems and their adequacy.

The Company has in place adequate internal control systems commensurate with its size and nature of its operations. The IFC framework devised by the company have been designed to provide reasonable assurance with regard to recording and providing reliable financial and operational information, safeguarding Company's assets, promoting operational efficiencies and ensuring compliance with various statutory provisions.

During the year the company has appointed M/s JAA Associates, Chartered Accountants to oversee and carry out the internal audit of its activities. The Audit Committee reviews the adequacy of internal control systems, audit findings and suggestions. The Company's statutory auditors regularly interact with the Audit Committee to share their findings and the status of further improvement actions under implementation.

4. Human resource development / Industrial relations

Wepsol people centric focus providing an open work environment and fostering continuous learning, improvement and development helped its employees to facilitate delivery of excellence for its customers. WeP believes that success of any company lies in making the customers happy and satisfied. The human resources strategy enabled the

company to attract, integrate, develop and retain the best talent required for driving the business growth. The company has created a Performance driven environment with all employees having identified Key result areas directly aligned with the business results. Talent Transformation and Leadership development have been the key focus areas over the last few years. Company believes in nurturing internal talent to leadership positions and provides an environment of adequate training, cross functional team assignments to aid them.

SWOT ANALYSIS

We appreciate the market realities, stiff competition faced by your company mostly from the unorganized and local service providers. And your Board acknowledges the following major SWOT analysis more specific to your company.

Strengths:

1. Large base on Enterprise Customers with long standing relationships and track record of consistent service delivery.
2. Direct relationship with major OEMs like Fujifilm and Ricoh, global enterprises, that can add to its fluidworks suite of offerings.
3. Ability to develop customized printing and billing solutions for various applications both on device and non-device based platforms.
4. Scalable infrastructure with pan India presence, wide geographical reach and strong operational expertise.
5. Long standing relationships with Customers and Technology partners.

Weaknesses:

1. Dependency on products manufactured by other OEM's for providing solutions in Managed Printing services segment of Enterprise business.
2. Inability to retain key resources and attract talent due to lack of substantial revenue growth.

Opportunities

1. Uniquely positioned to provide one stop source of Digital Services. Cross selling across the enterprise customers for its entire range of products and services.
2. New and strong product range of Fujifilm, Japan.
3. Increasing number of customers looking for expert partners to manage their non-core needs vis a vis their core business.
4. Established customers and market for Ricoh products and solutions in India.

Threats

1. Inability to attract talent across functions due to ever increasing costs of high quality resources.
2. Significant revenues of the company are from the Banking, Financial Service and Insurance(BFSI) Segments. Any direct or indirect impact on the BFSI industry can impact the revenues of the company.
3. As the company is largely dependent on imports for its supply of printers, consumables and spares, rupee depreciation impacts the margin of the company significantly. Geo-political tensions impacting foreign trade as well as changes in trade policies can also impact the company.

Risk Management Process

The company has an established sound risk management process which is overseen by

the Audit Committee of the Board through a structured framework. Strategic, Operational and Business risks are identified and appropriate mitigating action plans are put in place by the company. They are reviewed periodically.

The following risks are identified as key risks by the company. The mitigating steps taken to counter them are also outlined below.

Revenue Concentration

The company has concentration of revenue coming in from industry segments like Banking, Financial services and Insurance. Further, a few customers also contribute to a fair share of the revenue for the company. Such concentration exposes the company to a risk inherent in that segment or for a particular customer.

Mitigants

We have adopted prudent norms based on which we monitor and prevent undesirable concentration in geography, industry or customer. The quest for diversified activities within the existing realm of overall management after due consideration of the advantages and disadvantages of each activity is consistent with company policy of increasing business volumes with minimum exposure to undue risks. Concentration of revenue from any particular segment of the industry is sought to be minimized over the long term by careful extension into other activities, particularly in areas the company has some basic advantage such as availability of land, technical or manpower resources.

Inventory Obsolescence Risk

The company needs to maintain printers for a period of more than 48 months. These models are constantly upgraded by the principal suppliers. However the company needs to maintain adequate stocks of spares and toners at all its customer locations in order to meet the customer requirements. These spares may or may not be used. This leads to a risk of us maintaining obsolete stocks. At times we are required to maintain inventory for demo equipments, replacement for repairs and normal distribution stocks. Your company faces the risk of obsolescence in the event of not being able to sell or deploy the above stocks.

Mitigants :

Your company is conscious of these risks and tracks and monitors its inventory at regular intervals to minimize obsolescence. Your company continuously monitors the stock levels of such items and ensures they are within the reasonable limits. Further, the company has an established policy framework to identify slow and non-moving stocks at an early stage.

Industry Risk

Your company is facing stiff competition from other players who are both organized large brand owners and unorganized local players. This competition forces the company to cut down its margins and reduce price for its products and services for both the existing customers and new potential customers.

Mitigants :

Your company has put in a focused approach towards monitoring all such competitive activities. Your company reviews its customer relationship strategy periodically and keeps providing innovative and new solutions. Your company is also focusing on moving up the value chain at the customer by providing Document Management solutions. Your company believes in providing value to the customers and has put in a dedicated team to manage the existing and new customers.

System Risks

INDEPENDENT AUDITOR'S REPORT

To the Members of WeP Solutions Limited

Report on the Audit of Ind AS Financial Statements

Opinion

We have audited the accompanying financial statements of M/s WeP Solutions Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date and a summary of material accounting policies and other explanatory information (hereinafter referred to as the "financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025 and its profit, total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the Ind AS financial statements in accordance with the Standards on Auditing ("SA"s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Ind AS Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India ("ICAI") together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Ind AS financial statements.

Key Audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. However, we have no key audit matters to be communicated in this report.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the Directors Report along with the annexures, Corporate Social Responsibility Report and Corporate Governance Report (but does not include the financial statements and our auditor's report thereon) which we obtained prior to the date of this auditor's report, and the Chairman's statement, the Managing Directors Message, the Management Discussion and Analysis Report which is expected to be made available to us after that date.

Our opinion on the Ind AS financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Ind AS financial statements, our responsibility is to read the other information and, in doing so, consider whether such other information is materially inconsistent with the Ind AS financial statements, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management and Board of Directors for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, including other comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management and board of directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Ind AS Financial Statements

Our objectives are to obtain reasonable assurance about whether the Ind AS financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Ind AS financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism through the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit

procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of the management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the Ind AS financial statements, including the disclosures, and whether the Ind AS financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, make it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the "**Annexure A**" a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by Section 143 (3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;

- c. The Balance Sheet, the Statement of Profit and Loss including the Statement of Other Comprehensive Income, the Cash Flow Statement and Statement of Changes in Equity dealt with by this Report are in agreement with the books of account;
- d. In our opinion, the aforesaid Ind AS financial statements comply with the Indian Accounting Standards specified under Section 133 of the Act, read with Companies (Indian Accounting Standards) Rules, 2015, as amended;
- e. On the basis of the written representations received from the directors as on 31st March 2025 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March 2025 from being appointed as a director in terms of Section 164(2) of the Act;
- f. With respect to the adequacy of the internal financial controls over financial reporting of the Company with reference to these Ind AS financial statements and the operating effectiveness of such controls, refer to our separate Report in "Annexure B" to this report;
- g. With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended, in our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act
- h. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer note 29 to the Financial Statements.
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
 - iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.

- v. The final dividend proposed in the previous financial year, and subsequently declared and paid during the current year, has been made in compliance with Section 123 of the Companies Act, 2013, as applicable.

As stated in Note 36 to the financial statements, the Board of Directors of the Company have proposed final dividend for the year, which is subject to the approval of the members at the ensuing Annual General Meeting. The dividend declared is in accordance with section 123 of the Act to the extent it applies to declaration of dividend.

- vi. Based on our examination, which included test checks, the Company has used an accounting software for maintaining its books of account for the financial year ended March 31, 2025 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of the audit trail feature being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

“Annexure A” to the Independent Auditors Report

In terms of the information and explanation sought by us and given by the company and the books and records examined by us in the normal course of audit and to the best of our knowledge and belief, we report the following:

1. (a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of Property, Plant and Equipment and relevant details of right-of-use assets.
(B) The Company has maintained proper records showing full particulars of intangible assets.

(b) All Property, Plant and Equipment were physically verified by the management in the current year in accordance with a planned programmed of verifying them once in a year which is reasonable having regard to the size of the Company and the nature of its assets. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No material discrepancies were noticed on such verification.

(c) There is no immovable property (other than properties where the Company is the lessee and the lease agreements are duly executed in favor of the lessee), held by the Company and accordingly, the requirement to report on clause 3(i)(c) of the Order is not applicable to the Company.

(d) The Company has not revalued any of its property, plant and equipment (including right-of-use assets) and intangible assets during the year.

(e) No proceedings have been initiated during the year or are pending against the Company as at March 31, 2025 for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (as amended in 2016) and rules made thereunder.
2. (a) The management has conducted physical verification of inventory at reasonable intervals during the year. In our opinion the coverage and the procedure of such verification by the management is appropriate. Discrepancies, if any of 10% or more in aggregate for each class of inventory were noticed on such physical verification and have been properly dealt with in the books of account.

(b) As disclosed in Note 10 to the financial statements, the Company has been sanctioned/ renewed working capital limits in excess of Rs. five crores in aggregate from banks during the year on the basis of security of current assets of the Company. The quarterly returns/statements filed by the Company with such banks are in agreement with the books of accounts of the Company.
3. The Company has not granted any loans, advances, investments, guarantees, secured or unsecured to companies, firms, Limited Liability partnerships or any other parties. Accordingly, the provisions of clause 3 (iii) (a) to (f) of the Order are not applicable to the Company and hence not commented upon.
4. The company has not granted any loans, investments, guarantees, and securities covered under the provisions of section 185 and 186 of the Act. Accordingly, the provisions of clause 3 (iv) are not applicable to the Company and hence not commented upon.

5. The Company has neither accepted any deposits from the public nor accepted any amounts which are deemed to be deposits within the meaning of sections 73 to 76 of the Companies Act and the rules made thereunder, to the extent applicable. Accordingly, the requirement to report on clause 3(v) of the Order is not applicable to the Company.
6. We have broadly reviewed the books of account maintained by the Company pursuant to the rules made by the Central Government for the maintenance of cost records under section 148(1) of the Companies Act, 2013, related to the manufacture of printers, and are of the opinion that prima- facie, the specified accounts and records have been made and maintained. We have not, however, made a detailed examination of the same.
7. a) According to information and explanations given to us and on the basis of our examination of the books of accounts and records, the Company has been generally regular in depositing undisputed statutory dues including Income-Tax and any other statutory dues with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of the above were in arrears as at March 31, 2025 for a period of more than six months from the date on when they become payable.
- b) According to information and explanations given to us, following are the dues of income tax, GST, sales-tax, wealth tax, service tax, custom duty, excise duty, value added tax and cess which have not been deposited on account of disputes with the related authorities.

Sl No	Name of the statute	Nature of the dues	Forum where dispute is pending	Financial year to which the matter pertains	Amount (Rs. In lakhs)
1	Service Tax Act	Service Tax	CESTAT, Bangalore	2010-11 to 2013-14	581.29
2	Goods and Service Tax Act, 2017	GST	JCCT, Bangalore	2017-18	33.05
3	Goods and Service Tax Act, 2017	GST	JCCT, Bangalore	2018-19	13.04
4	Customs Act	Customs duty	Commissioner- Appeals	2023-24	0.35
5	Customs Act	Customs duty	Commissioner- Appeals	2022-23	10.85

8. The Company has not surrendered or disclosed any transaction, previously unrecorded in the books of account, in the tax assessments under the Income Tax Act, 1961 as income during the year. Accordingly, the requirement to report on clause 3(viii) of the Order is not applicable to the Company.
9. a) In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest thereon to any lender.
- b) The Company has not been declared a willful defaulter by any bank or financial institution or government or any government authority.

- c) According to the information and explanations given to us, term loans were applied for the purpose for which the loans were obtained.
- d) On an overall examination of the financial statements of the Company, funds raised on short term basis have, prima-facie, not been used during the year for long-term purposes by the Company.
- e) According to the information and explanations given to us, the Company does not have any subsidiaries, joint ventures, or associate companies. Accordingly, the provisions of clause 3 (ix)(e) of the order are applicable.
- f) According to the information and explanations given to us, the Company does not have any subsidiaries, joint ventures, or associate companies. Accordingly, the provisions of clause 3 (ix)(f) of the order are applicable.
10. a) The Company has not raised money by way of initial public offer or further public offer (including debt instruments) during the year and hence reporting under clause 3(x)(a) of the Order is not applicable.
- b) The Company has not made any preferential allotment or private placement of shares /fully or partially or optionally convertible debentures during the year under audit and hence, the requirement to report on clause 3(x)(b) of the Order is not applicable to the Company.
11. a) No fraud by the Company and no material fraud on the Company has been noticed or reported during the year.
- b) No report under sub-section (12) of section 143 of the Companies Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government, during the year and up to the date of this report.
- c) According to the information and explanations given to us by the management, there are no whistle blower complaints received by the Company during the year.
12. In our opinion, the Company is not a Nidhi Company. Therefore, the provisions of clause 3(xii) of the Order are not applicable to the Company and hence not commented upon.
13. In our opinion, all transactions with the related parties are in compliance with section 177 and 188 of Companies Act, 2013 and the details have been disclosed in the Financial Statements as required by the applicable Indian Accounting Standards.
14. a) In our opinion and based on our examination, the company has an internal audit system commensurate with the size and nature of its business.
- b) We have considered the internal audit reports of the company issued till date, for the period under audit in determining the nature, timing and extent of our audit procedures.
15. Based upon the audit procedures performed and the information and explanations given by the management, the company has not entered into any non-cash transactions with directors or persons connected with him as stipulated u/s 192 of the Act. Accordingly, the provisions of clause (xv) of the Order are not applicable to the Company and hence not commented upon.

16. In our opinion, the Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934. Hence, reporting under clause 3(xvi)(a), (b), (c) and (d) of the Order is not applicable.
17. The Company has not incurred cash losses during the current year and immediately preceding year.
18. There has been no resignation of the statutory auditors of the Company during the year.
19. On the basis of the financial ratios disclosed in Note 37 to the financial statements, the ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, our knowledge of the Board of Directors and management plans and based on our examination of the evidence supporting the assumptions nothing has come to our attention, which causes us to believe that Company is not capable of meeting its liabilities, existing at the date of balance sheet, as and when they fall due within a period of one year from the balance sheet date.

We, further state that this is not an assurance as to the future viability of the Company and our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date, will get discharged by the Company as and when they fall due.

20. a) In respect of other than ongoing projects, there are no unspent amounts that are required to be transferred to a fund specified in Schedule VII of the Companies Act (the Act), in compliance with second proviso to sub section (5) of section 135 of the Act. This matter has been disclosed in Note 39 to the financial statements.
- b) There are no unspent amounts in respect of ongoing projects, that are required to be transferred to a special account in compliance of provision of sub section (6) of section 135 of Companies Act. This matter has been disclosed in Note 39 to the financial statements.

“Annexure B” to the Independent Auditors Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **M/s. WeP Solutions Limited (“the Company”)**, as of March 31, 2025 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s Management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing as specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

1. pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
2. provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
3. provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

WeP Solutions Limited

Notes to Financial Statements as at 31 March 2025

Corporate Information

The Company is principally engaged in the business of providing Managed Printing Solutions and Services, Manufacturing and Distribution of Retail Billing Products as well as multi-functional printers, providing Digital Services like software for filing GST returns and infrastructure management support services to both enterprise and retail customers, across India. The Company is a public company domiciled in India and is incorporated under the provisions of the Companies Act 1956. Its shares are listed on the Bombay Stock Exchange and the registered office of the Company is located at 40/1A, Basappa Complex, Lavelle Road, Bengaluru - 560001.

The financial statements are approved for issue by the Company's Board of Directors on 17th May 2025

1. Material accounting policy information to the Financial Statements for the year ended March 31, 2025

A. Material accounting policies

The material accounting policies applied by the Company in the preparation of its financial statements are listed below. Such accounting policies have been applied consistently to all the periods presented in these financial statements, unless otherwise indicated.

A.1. Statement of Compliance

These financial statements have been prepared in accordance with the Indian Accounting Standards (referred to as "Ind AS") as prescribed under section 133 of the Companies Act, 2013 read with Companies (Indian Accounting Standards) Rules as amended from time to time. WeP Digital Services Limited, a wholly owned subsidiary of the company, was amalgamated with the company with the Appointed date as 1st April 2021 in terms of scheme of arrangement framed under sections 230 and 232 of the Companies Act, 2013. The financial statements have been prepared in accordance with the scheme of arrangement and in accordance with the accounting standards. The amalgamation has been given effect to in the books of accounts as per appendix C of Ind AS-103 governing Business Combinations.

A.2. Basis of preparation

These financial statements have been prepared in Indian Rupees (₹) which is the functional currency of the company.

These financial statements have been prepared on historical cost basis, except for certain financial instruments which are measured at fair value or amortised cost at the end of each reporting period, as explained in the accounting policies below. Historical cost is generally based on the fair value of the consideration given in exchange for goods or services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. All assets and liabilities have been classified as current and non-current as per the Company's normal operating cycle.

A.3. Use of Estimates

The preparation of these financial statements is in conformity with the recognition and measurement principles of Ind AS which requires the management of the Company to make estimates and assumptions that affect the reported balances of assets and liabilities, disclosures of contingent liabilities as at the date of the financial statements and the reported amounts of income and expense for the periods presented.

The estimates and the underlying assumptions are reviewed on an ongoing basis. Changes in estimates are reflected in the financial statements in the period in which the changes are made.

Significant judgements and estimates relating to the carrying amounts of assets and liabilities include useful lives of property, plant and equipment and intangible assets, impairment of property, plant and equipment, intangible assets, provision for employee benefits and other provisions and recoverability of deferred tax assets.

A.4. Revenue Recognition

The Company earns revenue primarily from Managed Printing Solutions and Services, Manufacturing and Distribution of Retail Billing Products, trading in multifunctional printers and providing Digital Services like facilitation in filing of GST returns etc. to both enterprise and retail customers, pan India.

Revenue is recognised upon transfer of control of promised products or services to customers in an amount that reflects the consideration which the Company expects to receive in exchange for those products or services.

- Contracts with customers are considered for revenue recognition only if (a) the contract having commercial substance is approved and the parties have committed to perform their respective obligations; (b) respective rights of the parties with respect to goods or services to be transferred are identified; (c) the payment terms for goods or services to be transferred are clear and (d) it is probable that consideration would be collected in exchange for the goods or services that would be transferred to the customer. At

the inception of the contract, either a transfer of distinct good or service to the customer or a series of distinct goods and services that are substantially the same and that have the same pattern of transfer to the customer are identified as performance obligation. Revenue is recognised when the performance obligation is satisfied by transferring the promised good or service to a customer and the customer obtains controls over it.

- In the case of provision of services such as Managed return filing services, use of ASP-GST software, where performance obligation is satisfied over time, revenue is recognised over time by measuring the progress to complete satisfaction of that performance obligation. In respect of revenue from licenses, where the customer obtains a "right to use", the revenue is recognised at the point in time when the license is made available to the customer and is recognised over the access period.

Dividend income from investments is recognised when the shareholder's right to receive payment has been established. Interest income is recognised on a time proportion basis.

A.5. Inventories

Inventories are stated at lower of cost and net realizable value. Cost is determined using the weighted average method. Costs comprise direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the inventories to their present location and condition. Net realisable value is the price at which the inventories can be realised in the normal course of business, after allowing for the cost of conversion from their existing state to a finished condition and for the cost of selling and distribution.

Obsolete, slow moving and defective inventories are identified from time to time and where necessary, a provision is made for such inventories.

A.6. Property, plant and equipment

An item of property, plant and equipment is recognised as an asset if it is probable that future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. This recognition principle is applied to the costs incurred initially to acquire an item of property, plant and equipment and also to costs incurred subsequently to add to, replace part of, or service it. Borrowing cost directly attributable to the construction or production of qualifying assets are capitalised as a part of cost. All other repair and maintenance costs, including regular servicing, are recognised in the Statement of Profit and Loss, as and when incurred.

All property, plant and equipment are stated at cost of acquisition or construction, less accumulated depreciation and impairment loss, if any. Cost includes all direct costs and expenditures incurred to bring the asset to its working condition and location for its intended use. Capital Work-in-Progress is stated at cost, comprising of direct cost and related incidental expenditure. Assets that are not ready for use in the manner as intended by the Management are shown as Capital work in progress.

The gain or loss arising on disposal of an asset is determined as the difference between the sale proceeds and the carrying amount of the asset, and is recognised in the Statement of Profit and Loss.

A.7. Intangible assets

Software costs, both acquired and internally generated, are recognised as intangible assets only where they are clearly linked to long term economic benefits for the Company. They are amortized on a straight-line basis over their estimated useful lives. All other costs on software are expensed in the Statement of Profit and Loss as and when incurred.

Expenditure during development phase of internally generated software is recognized as intangible assets if all of the following conditions are met:

- i) completion of the development is technically feasible;
- ii) it is the intention to complete the intangible asset and use or sell it;
- iii) it is clear that the intangible asset will generate probable future economic benefits;
- iv) adequate technical, financial and other resources to complete the development and to use or sell the intangible asset are available; and
- v) it is possible to reliably measure the expenditure attributable to the intangible asset during its development.

Recognition of costs as an asset is ceased when the project is complete and available for its intended use, or if these criteria no longer apply.

Where development activities do not meet the conditions for recognition as an asset, any associated expenditure is treated as an expense in the period in which it is incurred

A.8. Depreciation and amortization of property, plant and equipment and intangible assets

Depreciation or amortization is provided on the straight-line method over the useful lives of assets as estimated by the management. The estimated useful lives of assets are as follows:

Assets	Useful Life applied (in years)
Computers	3.00
Furniture and Fixtures – Owned Premises	10.00
Furniture and Fixtures – Leased Premises	5.00
Office Equipment	5.00
Plant and Equipments including Electrical installations	4.00
Computer Peripherals – on Use and Pay	4.00
Vehicles	8.00
Air Conditioners	4.00
Moulds, Dies & Patterns	5.00
Building	30.00

Individual Assets costing less than Rs 5,000 are depreciated in full in the year of purchase. Depreciation for assets purchased / sold during the year is proportionately charged.

Intangible assets are amortized over their respective individual estimated useful lives as estimated by the management on a straight-line basis as follows:-

Assets	Useful Life applied (in years)
Computer Software – ERP Systems	4.00
Computer Software	2 to 3 years
Technical Know-how	5.00

A.9. Impairment of Assets

At each balance sheet date, the Company reviews the carrying amounts of its property, plant and equipment and intangible assets to determine whether there is any indication that the carrying amount of those assets may not be recoverable through continuing use.

If any such indication exists, the recoverable amount of the asset is reviewed in order to determine the extent of impairment loss, if any. Where the asset does not generate cash flows that are independent from other assets, the Company estimates the recoverable amount of the cash generating unit to which the asset belongs.

Recoverable amount is the higher of the fair value, less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value, using a pre-tax discount rate that reflects current market assessments of the time value of money and risks specific to the asset, for which the estimates of future cash flows have not been adjusted. An impairment loss is recognised in the Statement of Profit and Loss as and when the carrying amount of an asset exceeds its recoverable amount.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash generating unit) in prior years. A reversal of an impairment loss is recognised as income immediately.

A.10. Foreign Currency Transactions

Foreign currency transactions are recorded at the exchange rate prevailing on the date of transaction.

At the end of each reporting period, all monetary items denominated in foreign currencies are translated at the rates prevailing as at the balance sheet date. Non-monetary items that are measured in terms of historical cost in a foreign currency are not translated.

The exchange difference arising on account of the difference between the rates prevailing on the date of transaction and on the date of settlement, as also on translation of monetary items at the end of the year is recognized as income or expense, as the case may be, in the Statement of Profit and Loss for the year.

A.11. Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from

the fair value measured on initial recognition of financial asset or financial liability. Transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss, are immediately recognised in the Statement of Profit and Loss.

Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

a) Financial assets

Financial assets at amortised cost

Financial assets are subsequently measured at amortised cost, if these financial assets are held within a business model whose objective is to hold these assets, in order to collect contractual cash flows, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Investment in subsidiaries / associates are accounted at cost.

Financial assets measured at fair value

Financial assets are measured at fair value through other comprehensive income, if these financial assets are held within a business model, whose objective is to hold these assets in order to collect contractual cash flows, or to sell these financial assets, and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets not measured at amortised cost, or at fair value through other comprehensive income, are carried at fair value through profit or loss.

Impairment of financial assets

The Company assesses, on a forward looking basis, the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables, the Company has applied the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables with effect from April 1, 2017.

Derecognition of financial assets

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity.

b) Financial liabilities and equity instruments

Classification as debt or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity is recorded at the proceeds received, net of direct issue costs.

Financial Liabilities

Trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest rate method.

Interest-bearing bank loans, overdrafts and issued debt are initially measured at fair value and are subsequently measured at amortised cost using the effective interest rate method. Any difference between the proceeds (net of transaction costs) and the settlement or redemption of borrowings is recognised over the term of the borrowings in accordance with the Company's accounting policy for borrowing costs.

Derecognition of financial liabilities

The Company derecognises financial liabilities when the Company's obligations are discharged, cancelled or they expire.

A.12. Employee Benefits

i. Short Term Employee Benefits

Short Term Employees Benefits are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss of the year in which the related services is rendered

ii. Other long-term employee benefit obligations

Leave Encashment: Liability in respect of leave encashment as at the balance sheet date is determined based on actuarial valuation, by using the Projected Unit Credit Method and gains/losses for the year are recognized immediately in the Statement of Profit and Loss.

iii. Post Employment Benefits

Provident Fund: The Company contributes monthly at a determined rate. These contributions are remitted to the Employee Provident Fund Commissioner office and are charged to the Statement of Profit and Loss on accrual basis.

Gratuity: The Company provides for gratuity (a defined benefit retirement plan) to all the eligible employees. The benefit is in the form of lumpsum payments to vested employees on retirement, on death while in employment, or termination of employment for an amount equivalent to 15 days' salary, payable for each completed year of service. Vesting occurs on completion of five years of service. Liability in respect of gratuity as at the balance sheet date is determined on the basis of actuarial valuation, using the Projected Unit Credit Method. Re-measurement gains and losses of the net defined benefit liability/ (asset) are recognised immediately in other comprehensive income. The service cost, net interest on the net defined benefit liability/ (asset) is treated as a net expense within employment costs and are recognized immediately in the Statement of Profit and Loss.

iv. Employee Stock Options

All employee services received in exchange for the grant of any share based remuneration are measured at their fair values. These are indirectly determined by reference to the fair value of the share options awarded. Their value is appraised at the grant date and excludes the impact of any non-market vesting conditions (for example, profitability and sales growth targets).

All share-based remuneration is ultimately recognised as an expense in the Statement of Profit and Loss, with a corresponding credit to Employee Stock Compensation Reserve. If vesting periods or other vesting conditions apply, the expense is allocated over the vesting period, based on the best available estimate of the number of share options expected to vest. Non-market vesting conditions are included in assumptions about the number of options that are expected to become exercisable. Estimates are subsequently revised, if there is any indication that the number of share options expected to vest differs from previous estimates. Once vested, no adjustment is made to expense recognised in prior periods if, ultimately, fewer share options are exercised than originally estimated. Upon exercise of share options, the proceeds received (net of any directly attributable transaction costs) up to the nominal value of the shares issued are allocated to share capital with any excess being recorded as Securities Premium.

A.13. Borrowing Costs

Borrowing costs that are directly attributable to the acquisition or construction of qualifying assets are capitalised as part of the cost of those assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for intended use. All other borrowing costs are recognised as an expense in the Statement of Profit and Loss in the period in which they are incurred.

A.14. Earning Per Share

In accordance with the Ind AS 33 "Earnings Per Share", basic / diluted earnings per share is computed by taking the weighted average number of shares outstanding during the year.

A.15. Taxation

Tax expense for the year comprises of current tax and deferred tax.

The tax currently payable is based on the taxable profit for the year. Taxable profit differs from net profit, as reported in the Statement of Profit and Loss, because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Company's liability for current tax is calculated using tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is the tax expected to be payable or recoverable on differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit, and is accounted for using the balance sheet liability method. Deferred tax liabilities are generally recognised for all taxable temporary differences. In contrast, deferred tax assets for all deductible temporary differences and unused tax losses are only recognised to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised.

Deferred tax assets are reviewed at each balance sheet date for the appropriateness of their respective carrying values.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.

Current and deferred tax are recognised as an expense or income in the Statement of Profit and Loss, except when they relate to items credited or debited either in other comprehensive income or directly in equity, in which case the tax is also recognised in other comprehensive income or directly in equity.

Minimum Alternative Tax (MAT) paid in accordance with the tax laws in India, which gives rise to future economic benefits in the form of adjustment of future income tax liability, is considered as an asset if there is convincing evidence that the Company will pay normal income tax during the specified period. Accordingly, MAT entitlement is recognised as an asset in the Balance Sheet when the asset can be measured reliably and it is probable that the future economic benefit associated with it will fructify. Such asset is reviewed at each balance sheet date and the carrying amount of MAT credit asset is written down to the extent there is no longer a convincing evidence for the effect that the company will pay normal income tax during the specified period.

A.16. Warranty Cost

The Company accrues the estimated cost of warranties at the time when the revenue is recognised. The accruals are based on the Company's historical experience of material usage and service delivery cost.

A.17. Provisions

"Provisions are recognized in the balance sheet when the Company has a present obligation (legal or constructive) as a result of a past event, which is expected to result in an outflow of resources embodying economic benefits which can be reliably estimated. Each provision is based on the best estimate of the expenditure required to settle the present obligation at the balance sheet date. When appropriate, provisions are measured on a discounted basis.

Constructive obligation is an obligation that derives from a Company's actions where:

- (a) by an established pattern of past practice, published policies or a sufficiently specific current statement, the Company has indicated to other parties that it will accept certain responsibilities; and
- (b) as a result, the Company has created a valid expectation on the part of those other parties that it will discharge those responsibilities.

A.18. Leases

The Company's lease asset classes primarily consist of leases for land and buildings. The Company, at the inception of a contract, assesses whether the contract is a lease or not lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a time in exchange for a consideration. This policy has been applied to contracts existing and entered into on or after April 1, 2019.

The Company recognises a right-of-use asset and a lease liability at the lease commencement date. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received. The right-of-use asset is subsequently depreciated using the straight-line method from the commencement date to the end of the lease term.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the Company's long term borrowing rate. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company's estimate of the amount expected to be payable under a residual value guarantee, or if the Company changes its assessment of whether it will exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero. The Company has elected not to recognise right-of-use assets and lease liabilities for short-term leases that have a lease term of 12 months or less and leases of low-value assets (assets of less than INR 5,000 in value). The Company recognises the lease payments associated with these leases as an expense over the lease term.

A.19. Cash and Cash Equivalents

Cash and cash equivalents include cash in hand, demand deposits with bank, and other short term highly liquid investments, with original maturities of 3 months or less.

Cash flow Statement: Cash flows are reported using the indirect method, whereby profit for the period is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. Cash flows from operating, investing and financing activities are segregated.

Total	638.58	626.96

(ii) The Company is contesting claims under erstwhile Service Tax Law before Appellate authorities. The Company has disclosed these claims as contingent liabilities as it not practicable to assess the outcome of the proceedings. The company has made adequate provisions for all ascertained liabilities and the contingent claims does not have any adverse impact on the financial statement as at 31st March 2025.

(iii) The E-Waste (Management) Rules 2022 and the erstwhile E-Waste (Management) Rules 2016 requires the Company to fulfill the Extended Producer Responsibility(EPR) targets which are measured based on sales made in the preceding years, if it is participant in the market during a financial year. Thus, participation in the market in a year constitutes the obligation event. The Rules permit the Company to purchase extended producer responsibility certificate from registered recyclers for the purpose of meeting the EPR targets and it is not practical for the company to estimate the timing of cash outflows, if any, in respect of such purchases in the future.

Note 32 : Financial Instruments

This section gives an overview of the significance of financial instruments for the Company and provides additional information on balance sheet terms that contain financial instruments.

The details of material accounting policies, including the criteria for recognition, the basis of measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset, financial liability and equity instrument is disclosed in Note 1 to the financial statements.

(i) Classification of Financial Assets and Liabilities

All financial assets and financial liabilities are valued at amortised cost.

(ii) Fair Value Hierarchy

There are no financial assets or liabilities of the Company, which, after their initial recognition, have been fair valued either during the year or in the previous year.

(iii) Financial Risk Management Policies and Objectives

The Company, in the course of its business, is exposed to a variety of financial risks, viz., market risk, credit risk and liquidity risk which can adversely impact the financial performance. The Company's endeavour is to foresee the unpredictability of financial markets and seek to minimise potential adverse effects on its financial performance. The Company has a risk management policy that not only covers the foreign exchange risk but also other risks such as interest rate risk and credit risk which are associated with financial assets and liabilities.

A. Market Risk

Market risk is the risk of any loss in future earnings, in realisable fair values or in future cash flows that may result from a change in the value of financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, equity price fluctuations, liquidity and other market changes. Future specific market movements cannot be normally predicted with reasonable accuracy.

B. Foreign currency exchange rate risk:

The fluctuations in foreign currency exchange rate may have a potential impact on the statement of profit and loss and equity. This arises from transactions entered in foreign currency and assets/liabilities which are denominated in a currency other than the functional currency of the Company.

The Company imports raw materials, traded goods, consumables etc and such transactions are denominated in US Dollars. The Company does not take major exposure in any other foreign currency. The Company also exports goods which are billed in US dollars. The Company has a hedging policy approved and reviewed by the Board of Directors to mitigate its risks. As part of the hedging policy, the Company concludes forward contracts at regular intervals to mitigate the risk. Details of foreign currency exposure in USD are as follows:

(₹ in Lakhs)		
Particulars	As at March 31, 2025	As at March 31, 2024
Trade Payables (Amount in INR)	53.33	38.22
Trade Payables (Amount in USD)	0.62	0.46
Trade Receivables (Amount in INR)	2.51	-
Trade Receivables (Amount in Euro)	0.03	-

C. Interest Rate Risk Management:

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company's exposure to the risk of changes in market interest rates relates primarily to the Company's long term debt obligations with floating interest rates.

C.1 Interest Rate Sensitivity Analysis

The sensitivity analysis below have been determined based on the exposure to interest rates for both derivatives and non-derivative instruments at the end of the reporting period. For floating rate liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year. A 100 basis point increase or decrease is used when reporting interest rate risk internally to key management personnel and represents management's assessment of the reasonably possible change in interest rates.

(₹ in Lakhs)		
Particulars	As at March 31, 2025	As at March 31, 2024
Impact on Profit & Loss account	7.18	3.97

D. Liquidity risk management

Ultimate responsibility for liquidity risk management rests with the board of directors, which has established an appropriate liquidity risk management framework for the management of the Company's short-, medium- and long-term funding and liquidity management requirements. The company manages liquidity risk by maintaining adequate reserves, banking facilities and reserve borrowing facilities, by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

E. Credit risk

Credit risk is the risk of financial loss arising from counterparty failure to repay or service debt according to the contractual terms or obligations. Credit risk covers both the direct risk of default and the risk of deterioration of creditworthiness as well as concentration risks. Trade receivables constitute the financial instruments that are exposed to credit risk. The Company's policy is to deal only with creditworthy counterparts. The Company management considers that all the financial assets that are not impaired for each of the reporting dates under review are of good credit quality, including those that are past due. None of the Company financial assets are secured by collateral or other credit enhancements.

The Company's exposure to credit risk is limited to the carrying amount of financial assets recognised at the balance sheet date.

Note 33 : Capital Management

The Company's capital management is intended to maximise the return to shareholders for meeting the long-term and short-term goals of the Company through the optimization of the debt and equity balance.

The Company determines the amount of capital required on the basis of annual and long-term operating plans and strategic investment plans. The funding requirements are met through equity and long-term/short-term borrowings. The Company monitors the capital structure on the basis of Net debt to equity ratio and maturity profile of the overall debt portfolio of the Company.

For the purpose of capital management, capital includes issued equity capital, securities premium and all other reserves attributable to the equity shareholders of the Company. Net debt includes all long and short-term borrowings as reduced by cash and cash equivalents. The following table summarises the capital of the Company:
